Celebrating 40 Years

Thank you for your support.

This year continues to unfold in ways none of us could have imagined. In the face of great uncertainty, YOU helped SSFS continue to provide critical services. Because of your support, we were able to be flexible and innovative to meet the challenges we faced. In just a few short months we:

- Met an unparalleled need for emergency shelter for survivors in hotels when residential shelters were forced to close
- Implemented virtual direct service options to continuously meet client needs in a safe manner
- Created digital methods for outreach to stay connected with our community
- Maintained 88% of our services despite public health restrictions

As we look to the future, we know there is much work ahead of us. We are committed to our values of inclusivity and respect. We look forward to continuously working with all of you to uplift these values in our community. Together, we will strive for a world of peace and safety for ALL.
